

CNA (Certified Nursing Assistant) Job Description template

CNA (Certified Nursing Assistant) Job Description Template/Brief

We are seeking a compassionate Certified Nursing Assistant (CNA) to join our healthcare team. The CNA will provide essential care and support to our patients, assisting with daily living activities and ensuring their comfort. The ideal candidate should possess strong communication skills and a caring nature.

CNA (Certified Nursing Assistant) Job Profile

A Certified Nursing Assistant provides daily assistance to patients under the supervision of nursing staff. They are responsible for direct patient care tasks such as bathing, feeding, and monitoring vital signs. This role requires patience, empathy, and the ability to work in a fast-paced healthcare environment.

Reports To

The Certified Nursing Assistant reports to the Registered Nurse or Nursing Supervisor.

CNA (Certified Nursing Assistant) Responsibilities

- Assist patients with daily living activities such as bathing, grooming, and using the toilet.
- Monitor and record patients' vital signs and report any changes to the nursing staff.
- Help patients with mobility and physical therapy exercises.
- Maintain patient hygiene and ensure their comfort.
- Provide emotional support and companionship to patients.
- Assist in feeding patients who are unable to feed themselves.
- Ensure patient rooms are clean and safe.
- Communicate effectively with patients, families, and staff.
- Follow care plans and document care provided accurately.

CNA (Certified Nursing Assistant) Requirements & Skills

- Current certification as a Nursing Assistant.
- Basic understanding of medical terminology.
- Ability to follow instructions and work as part of a team.
- Good communication skills and a friendly demeanor.
- Physical stamina to assist patients in mobility and perform tasks.
- Attention to detail for accurate recording of patient information.
- Ability to handle sensitive and confidential information.
- CPR certification is a plus.
